

## **Product description**

Demountable lightweight container. This hot-dip galvanized metal shed can be assembled and disassembled in no time at all. When stored, the unit saves a lot of space. The walls are made of 0.8 mm profiled sheet and the roof and bottom of 1.5 mm profiled sheet. On the bottom is a wooden chipboard with spacers underneath for good air circulation. There are four lifting eyes at the top and plug-in brackets for a forklift truck at the bottom. The door on the side can be closed with a cylinder lock with a key.

## **Specifications**
