Product description

Hand truck for gas bottles of 20, 40 or 50 liters with chain protection. Load capacity up to 100 kg. Welded steel tube, powder coated blue RAL 5007. As a result, the surface of the cart is permanently protected, impact and scratch resistant. This gas cylinder hand truck simplifies the transport of one steel gas cylinder. The gas bottle is stable on the shovel with raised edges on three sides, the metal chain prevents slipping and tipping. Easy and comfortable to move thanks to the handle with wrist protection. Wheels rubber pneumatic tyres: Good soil adhesion, low driving noise, comfortable and high driving comfort. Wheel hubs with roller bearings: low rolling resistance at high loads, strong and virtually maintenance-free.
