

Technical information

Productnumber : 99-035-KP-UN-2

Product description

Batch offer consisting of 2 new IBC liquid containers of HDPE (High Density Polyethylene) 1000 liters with plastic base and UN quality mark. Welded steel tube frame with integrated plastic pallet. Solid stacking construction with excellent handling properties and high stability.

The IBC has a Y1.9 UN quality mark (tested fall height up to 1.9 meters) due to the plastic tank with a weight of 17.5 KG, the 4 plastic protective corners and the 2 steel plates.

Reasons why you need a UN quality mark is necessary because if you are going to transport hazardous substances you must comply with the ADR regulation. Also known as Accord européen relatif au transport des marchandises dangereuses par route.

Please note! In addition to the ADR regulation, you must also comply with other national and international legislation. The Living Environment and Transport Inspectorate has an up-to-date overview of these laws. adapter, please contact us or send a photo to one of our employees for the possibilities.

Specifications

Article arrangement: New

Version: batch offer

Floor: plastic pallet

Food-safe: yes

Length (mm): 1200

Height (mm): 1150

Weight (kg) 62

Options: not suitable for diesel and gasoline

Batch (items): 2

Additional specifications: UN-approved

Type: fluid container

Material: plastic pallet

Top: fill hole 225 mm

Colour: transparent

Width (mm): 1000

Volume (ltr): 1000

Stacking load (kg): 2258

Type number: 035

Temperature resistance: 70°C

EAN Code (Gtin) 8719424195552
