Technical information

Productnumber : 98-3347

Product description

Lightweight folding steel hand truck with rubber wheels and a load capacity of 68 kg. When folding the shovel, the wheels automatically fold inwards. Ideal if you regularly have to transport goods, but you also want to be able to take them with you!

- Ultra-light folding hand truck made of aluminum with puncture-resistant tires.
- Takes up little space when folded.
- Very large loading surface for bulky loads.
- Rubber tires TPE, puncture resistant and automatic folding.
- Supplied with elastic tensioner
