Technical information

Productnumber : 99-5342

Product description

Lightweight folding aluminum hand truck with rubber wheels and a load capacity of 68 kg. When folding the shovel, the wheels automatically fold inwards. Ideal if you regularly have to transport goods, but you also want to be able to easily take them with you! Watch the product video for an impression.

- Ultra-light collapsible aluminum hand truck with puncture-resistant tires.
- Takes up little space when folded.
- Very large loading area for bulky loads.
- Rubber tires TPE, puncture resistant and automatically foldable.
