Technical information

Productnumber : 38-FB6412-E1-N

Product description

Plastic stacking box E1 meat crate 600x400x125 mm 25 liters green. These meat crates are the standardized crates for the meat processing industry, also called pool E crates and can be used between temperatures of -30°C to +80°C. The meat crates meet the most recent EHI and DIN 55 423 standards. Equipped with a smooth bottom, making the meat trays suitable for use on roller conveyors.

Easy to clean, comply with hygiene HACCP for food industry production processes. Resistant to the most aggressive chemicals, acids and alkalis. HDPE plastic is tasteless/odorless and ensures a long life. 4 open handles for a pleasant handling. There are air perforation holes around the top for ventilation and cooling. All walls are studded for easy placement and removal of labels and stickers.

Specifications

Article arrangement: New
Version: E1 meat crate with open handles
Walls: open handles
Food-safe: yes
Colour: green
Internal length (mm): 570
Internal width (mm): 370
Internal height (mm): 120
Weight (kg) 1.5
Additional specifications: suitable for food industry

Type: stackable
Material: HDPE
Floor: closed
Euronorm (mm): 600 x 400
Length (mm): 600
Width (mm): 400
Height (mm): 125
Volume (ltr): 25
Type number: 38-FB-E1
EAN Code (Gtin) 8719424079081
