Technical information

Productnumber : 99-6287

Product description

Stackable plastic euro container. Widely applicable for transport and storage. This stacking bin has perforated walls with a height of 240 mm and a perforated bottom and is therefore dirt and air permeable, so that the contents are optimally protected. The crate has open handles on two sides for optimal handling.

Suitable for export of flower bulbs, other agricultural products, and the tree nursery sector. You can also use them as a transport crate, storage crate or storage crate. Also called agri crate, agricultural crate, agricultural container or unpacking and supply crate.

Specifications

Article arrangement: New

Version: walls + floor perforated

Walls: open handles

Food-safe: no

Colour: black

Internal length (mm): 565

Internal width (mm): 365

Internal height (mm): 220

Volume (ltr): 45

Type number: 6286

Type: stackable

Material: PE

Floor: perforated

Euronorm (mm): 600 x 400

Length (mm): 600

Width (mm): 400

Height (mm): 240

Loading capacity (kg): 20

Weight (kg) 2

EAN Code (Gtin) 8719424039542
