Technical information

Productnumber : H87301-V

Product description

These TÜV certified stacking racks can be used as mobile storage racks. Available in various versions, but above all flexible in height. The loading floor is designed for all standard pallet sizes, voluminous or goods that are difficult to palletise.

You can determine the height of the stacking racks yourself by choosing from different stanchion lengths. To determine the useful height (read: height to be loaded), take the total stanchion length minus 170 mm (example: stanchion length 1680 mm - 170 mm = 1510 mm). Of course, deviations from the standard lengths are possible, please contact us for the possibilities.

Specifications

Article arrangement: Rental
Version: suitable for stanchions 60.3
Floor: open lattice frame
Surface treatment: galvanized
Internal length (mm): 1300
Internal width (mm): 930
Insertion height (mm): 100
Weight (kg) 33
EAN Code (Gtin) 8719424052626

Type: mobile storage rack TÜV
Material: steel
Colour: colorless
Length (mm): 1530
Width (mm): 1165
Height (mm): 300
Loading capacity (kg): 2000
Type number: 87301
