Product description

Foldable tire rack for truck and bus tire storage

Tire storage stacking rack made of gray painted steel for storing 6 tires with an outer diameter of up to 108 cm. Designed for storing truck and bus tires on the tread. This storage pallet is stackable and collapsible. On the long sides, the pallet is equipped with plug-in brackets for a forklift truck. The load capacity is 1000 kg and the stacking load is 4000 kg.

The racks are extremely suitable in environments such as the automotive industry, garages, workshops, warehouses or distribution halls. Because the height of the stacking racks is 610 mm, you can store tires very high. All this for a more effective warehouse!

Specifications

Article arrangement: New

Version: vertical load

Colour: grey

Surface treatment: painted

Internal length (mm): 2185

Height (mm): 1205

Weight (kg) 98

Type number: 2397

Type: stackable and foldable

Material: steel

Ral colour: 7005

Length (mm): 2265

Width (mm): 1000

Loading capacity (kg): 1000

Stacking load (kg): 4000

EAN Code (Gtin) 8719424036398
