

Technical information

Productnumber : 99-849

Product description

Steel waste container in 240 liter version. The container is fully hot-dip galvanized, very robust and made for heavier work. The container is particularly suitable for flammable or oil-containing waste. Also called mini container, mobile container, otto or wheelie bin. Flame retardant. EN 840 - 3/5/6 certified.

If you order more than one waste container, they will be delivered nested with loose wheels and axles (easy to assemble yourself).

Specifications
