Technical information

Productnumber : 98-7002GB

Product description

Steel bonded barrel with a 2 inch and 3/4 inch opening and a capacity of 210 liters. These drums are suitable for hazardous liquids such as gasoline and diesel. Various drain valves can be mounted on the openings. The 3/4 inch opening is usually used for venting. The drums are stackable with each other.

The steel bonded barrel has never been filled, however, the outside of the barrel contains some transport damage (see photos).

Specifications

Article arrangement: New

Version: barrel with hole

Colour: red/black

Length (mm): 580

Width (mm): 580

Height (mm): 885

Volume (ltr): 210

Type number: 7002GB

EAN Code (Gtin) 8719424229035

Type: steel drum

Material: steel

Surface treatment: painted and use damage

Internal length (mm): 560

Internal width (mm): 560

Internal height (mm): 850

Weight (kg) 15

Additional specifications: remaining batch
