Technical information

Productnumber : 98-8112GB

Product description

Steel bonded barrel with a capacity of 210 litres and dimensions of 580x580x890 mm. The steel material ensures durability and makes it suitable for storing and transporting various liquids or materials. At the top, the liquid barrel has two openings, 2-inch and 3/4-inch: one for filling or draining liquids and another for venting. The barrels are stackable, saving valuable space during storage and transport.

Specifications

Article arrangement: New

Version: barrel with hole

Food-safe: no

Surface treatment: painted

Internal length (mm): 560

Internal width (mm): 560

Internal height (mm): 850

Weight (kg) 16

EAN Code (Gtin) 8719424234145

Type: steel drum

Material: steel

Colour: white

Length (mm): 580

Width (mm): 580

Height (mm): 890

Volume (ltr): 200

Type number: 8112GB
