Product description

Clothes locker on legs with 3 doors is a convenient and versatile piece of furniture often used in locker rooms, gyms, schools and other places where people want to safely store their personal belongings. This type of locker is designed to keep clothes, bags and other personal items organised and secure. The locker's 3 doors provide individual storage compartments for different users. Each storage compartment is equipped with a padlock, providing a secure and reliable way to protect personal belongings. The wardrobe features a storage compartment with closed walls on which smaller or valuable items can be placed that are out of sight. In addition, clothes hooks are attached on the inside, allowing coats, bags and other hangable items to be stored neatly without creasing or getting crumpled. Mesh walls allow airflow into the compartments, which helps to reduce moisture and odours. This can be especially useful for sportswear and other items that may still be damp after use. The locker stands on legs, making it easy to clean the floor underneath. This prevents accumulation of dust and dirt and contributes to the overall hygiene of the room.

Specifications

Article arrangement: Used

Version: 3 doors (padlock) on pedestal

Walls: mesh

Colour: grey

Width (mm): 900

Height (mm): 1950

Depth (mm): 550

Weight (kg) 70

EAN Code (Gtin) 8719424228953

Type: locker cabinet

Material: steel

Floor: perforated

Surface treatment: painted and use damage

Internal width (mm): 250

Internal height (mm): 1720

Internal depth (mm): 520

Type number: 6998GB
