Product description

Used mobile plastic collars 120x80x90 cm Euro pallet format. The foldable set-up walls are stackable and demountable, have sturdy hinges and are very versatile. This includes protecting boxes, transporting loose parts, putting together bulk packaging or order picking of large materials. The plastic undercarriage is equipped with 4 rubber swivel wheels for optimum manoeuvrability. The advantage of this combination set is that these mounting walls take up much less storage capacity if they are not used or are returned empty.
