Productnumber : 98-6864GB-B

Product description

Used IBC liquid container of HDPE (High Density Polyethylene) 1000 litres with steel base with plastic corners and UN certification. This is a B-grade IBC liquid container, contains damage. Welded steel tube frame with integrated plastic tank. Solid stacking construction with excellent handling characteristics and high stability. Note! Previously filled with ethanol - contains chemical odour.

Reason why you need a UN mark is because when you start transporting dangerous goods you have to comply with the ADR regulation. Also known as Accord européen relatif au transport des marchandises dangereuses par route.

Please note! In addition to the ADR regulation, you must also comply with other national and international legislation. The Environment and Transport Inspectorate has an up-to-date overview of these laws.

- filling aperture 140 mm with lid
- ball valve 2" inch

Attention! Contains damage, see photo.

Specifications

Article arrangement: Used

Version: 1000 ltr UN-approved

Top: fill hole 140 mm

Colour: transparent

Length (mm): 1220

Height (mm): 1160

Weight (kg) 54

Additional specifications: 2nd choice, remaining batch

Type: fluid container

Material: steel pallet

Food-safe: no

Surface treatment: signs of use

Width (mm): 1000

Volume (ltr): 1000

Type number: 035
