Technical information

Productnumber : 98-7036GB

Product description

Metal pallet top rim with lid 1240x840x970 mm. Equipped with practical folding window at the front allowing easy access to the contents. The mesh add-on walls are stackable on pallets. The advantage compared to gutterboxes is that these add-on walls take up much less space when not in use or returned empty as they are collapsible. Very suitable for storing or transporting bulk goods, but can also be used as shop bins (wire baskets) within retail.

Please note! Without europallet!
