### Product description

Lot offer consisting of 120 used europallets according to the EPAL standard with dimensions of 1200x800 mm. A pallet that meets the standards and specifications specified by the European Pallet Association (EPAL). Europallets are the most well-known and common pallets in the market. Produced according to the EPAL-standard to safely and efficiently transport and store goods. Can be picked up from all four sides using a forklift or pallet truck. Interchangeable in the europallet pool, allowing the pallet to be safely used and exchanged between different companies without problems. In addition, the pallet is "Heat Treated". By performing this Heat Treatment, all harmful organisms are killed. Wooden pallets that undergo Heat Treatment meet the ISPM15 requirement. ISPM15 applies to packaging made of solid wood for supporting, protecting or transporting goods.
