Productnumber : 77-A007020

Product description

Used drip tray with a collection capacity of 1000 litres. With a collection capacity of 1000 litres, this drip tray offers ample possibilities for the safe collection of liquids. Made of polyethylene, the drip tray is UV-resistant and acid-resistant. This makes it durable and suitable for use in various environments, including outdoor settings and environments with aggressive substances. The removable grid at the top makes it easy to access the drip tray, allowing efficient removal of liquids and simplifying cleaning of the tray. With a capacity for four 200-litre drums on top of the grid of this drip tray, it provides a safe solution for placing and collecting drums of liquids, capturing potential leaks.

Specifications

Article arrangement: Used
Version: for 1-4 200 l drums

Walls: walls closed

Top: grid

Colour: blue/orange

Length (mm): 1440

Height (mm): 610

Collection volume (ltr): 1000

Additional specifications: UV resistant

Type: Retention Basin

Material: polyethylene

Floor: floor closed

Subgroup: Retention Basin used

Surface treatment: signs of use

Width (mm): 1720

Weight (kg) 85

Type number: A007020

EAN Code (Gtin) 8719424235807
