Product description

The Master Lock Reinforced Security Key Cabinet features a 105mm wide metal body for durability and can accommodate a variety of house keys and access cards. Don't hide your keys under the doormat or under a flower pot anymore. The key box is the perfect solution to share access to your keys. This portable design can be used in a variety of places. With a 4-digit free combination selection for keyless convenience and extra security. The protective cover protects combination keys from the weather, dust and dirt.

- Large key storage space accommodates various house keys or access cards
- The convenience of a free choice of combinations for optimum security
- Solid zinc housing that resists hammering and sawing
- Double locking levers for better resistance
- Key box with bracket so that the box can be hung on something
- Die-cast housing and vinyl-covered bracket prevent scratches
- Protective cover improves weather resistance and offers more discretion

Specifications

Article arrangement: New
