Technical information

Productnumber : 12-5415EURD

Product description

The Master Lock Reinforced Security Key Cabinet features a 105mm wide metal body for durability and can accommodate a variety of house keys and access cards. Don't hide your keys under the doormat or under a flower pot anymore. The key box is the perfect solution to share access to your keys. The cabinet can be hung permanently on the wall. With a 4-digit free combination selection for keyless convenience and extra security. The protective cover protects combination keys against the weather, dust and dirt.

- Large key storage space accommodates various house keys or access cards
- The convenience of a free choice of combinations for optimal security
- Solid zinc housing that resists hammering and sawing
- Double locking levers for better resistance
- Design can be permanently attached to the wall (mounting kit included)
- Protective cover provides better weather resistance and offers more discretion

Specifications

Article arrangement: New
