

Technical information

Productnumber : 12-5420EURD

Product description

The portable universal key safe has a metal housing with 72 mm thickness for durability. Managing access to your home or construction sites, or managing access to multiple properties has never been easier. The key safe is the only integrated key safe product on the market with an adjustable bracket for secure use with almost any type of hardware. Perfect for portable security, or when temporary access is needed for multiple properties is this key safe that is easy to set and remove at a wide range of handles. Its portability makes it a quick and easy temporary solution. Limited lifetime warranty offers peace of mind coming from a brand you can trust.

- Adjustable bracket securely fits most models of hardware
- Portable key safe provides secure storage for keys or access passes
- 72 mm wide durable metal construction
- Large open handle for more comfortable use
- Durable protective cover prevents freezing and jamming
- Vinyl-coated bracket and molded bumper prevent door scratches
- Interior dimensions: 8.8 x 5.7 x 3.2 cm
