Technical information

Productnumber : 98-7142GB-PAL

Product description

Pallet offer of 72 pieces. Used plastic stacking bin with euronorm dimensions of 600x400 mm and a capacity of 23 litres. Made of food-grade HDPE (High-Density Polyethylene), ensuring durability and the ability to safely store food and other goods. The perforated structure in both the walls and bottom of the bin provides good ventilation and drainage, making this bin suitable for products that require air circulation and dryness. The bin features convenient open handles that make handling and moving easy, even when the bins are fully loaded.

Note! Suitable for the food industry but not provable by certificate.
