Product description

Plastic stacking crate (600x400 mm) with 2 open handles. This robust used euro bin has four closed walls 320 mm high and a bottom with drainage holes. The side walls have an open handle for optimal handling. Made of polypropylene with high stability. The plastic bins have a smooth, hygienic design on the inside and are therefore easy to clean. Thanks to the smooth and reinforced bottom, the bins are suitable for conveyors and roller conveyors. The storage box is resistant to most oils, acids and alkalis. In addition, the box is temperature resistant from -20 to +100 degrees, making it able to withstand extreme temperatures.
