Technical information

Productnumber : 98-5921GB

Product description

Used stacking racks can be used as mobile storage racks. Available in various versions, but above all flexible in height. The loading floor is designed for all standard pallet sizes, voluminous or goods that are difficult to palletise.

You can determine the height of the stacking racks yourself by making a choice from the stanchion lengths below. To determine the useful height (read: height to be loaded), take the total stanchion length minus 170 mm (example: stanchion length 1680 mm - 170 mm = 1510 mm). Of course, deviations from the standard lengths are possible, please contact us for the possibilities.

An indispensable logistics solution for almost any warehouse or company logistics. Think of environments such as the metal industry, large construction, small construction, production companies and the automotive industry.

Specifications

Article arrangement: Used

Version: convient pour montants 48.3x3.25 mm

Floor: wooden floor plate

Surface treatment: painted and use damage

Internal length (mm): 1280

Internal width (mm): 915

Internal height (mm): 185

Weight (kg) 44

EAN Code (Gtin) 8719424207453

Type: mobile storage rack

Material: steel

Colour: green

Length (mm): 1500

Width (mm): 1150

Height (mm): 345

Insertion height (mm): 100

Type number: 5921GB
