

Technical information

Productnumber : 97-54203

Product description

This single folding stepladder is made for industry. This compact step is easy to fold. With a standing height of 690 mm, the staircase is ideal for working safely at lower working heights.

The folding staircase is made of a stable, foldable construction and equipped with large treads with diamond plate profile.

The folding staircase is certified and meets safety standard EN -14183 and to the Warenwet.

The folding ladder has a compact storage size of 490 x 550 x 80 mm. This makes the stairs easy to transport in, for example, the car.

Specifications

Article arrangement: New

Version: single-sided, 3 steps incl. platform

Subgroup: Stairs

Height (mm): 690

Type number: 97-542
