Product description

Assortment cabinet with 5 tilting drawers. The grey (RAL 7035) housing of the assortment cabinet has a size of 600x155x175 mm. Inside, there are 5 tilting drawers made of polyethylene terephthalate (PET) with dimensions of 160x107x105 mm. The removable tilting drawers, measuring 160x107x105 mm, provide a structured storage solution for small parts, tools and accessories, keeping the workspace neat and organised. With a temperature resistance of -50°C to +150°C, this cabinet is suitable for extreme temperature environments, such as workshops where temperatures can vary. The polypropylene casing offers durability and shock resistance, making the cabinet suitable for demanding workshop environments where rough handling or sudden impact may occur. The polyethylene terephthalate (PET) drawers add extra strength and can withstand high loads, making the cabinet suitable for storing heavier tools and parts. Suitable for food contact.
