Product description

Used warehouse bin steel with dimensions 530x350x170 mm. As the bottom and walls are closed, this provides extra stability when stacking the bins. The stackable design of the bins optimises storage space. The drop handles on both short sides ensure easy handling and transport, even when the bins are fully loaded. This allows them to be moved, lifted and placed efficiently. The green colour can serve as visual coding. This facilitates sorting and quick identification of specific items. The stackable design of the bins optimises storage space in warehouses. With a capacity of 27.4 litres, these warehouse bins provide enough space to store various items. Made of sturdy steel, these bins are robust and suitable for use on a roller conveyor, for example.

Specifications

Article arrangement: Used

Version: with label holder + handle

Walls: walls closed

Food-safe: no

Surface treatment: painted and use damage

Internal length (mm): 520

Internal width (mm): 320

Internal height (mm): 165

Weight (kg) 5

EAN Code (Gtin) 8719424233490

Type: stackable

Material: steel

Floor: closed

Colour: green

Length (mm): 530

Width (mm): 350

Height (mm): 170

Volume (ltr): 27.4

Type number: 7160GB
