Technical information Productnumber : 98-7278GB

Product description

A used warehouse bin made of painted steel is a robust storage container widely used in warehouses, workshops and industrial environments. The painted steel construction makes the bin durable and resistant to wear and tear, making it suitable for harsh conditions. Designed with sturdy stacking edges, allowing for easy and safe stacking. This allows efficient use of available space, keeping the warehouse organized and uncluttered. The grab opening on the front of the bin makes it easy to quickly access the contents even when the bins are stacked. This is useful for order picking and quickly finding needed items in the warehouse. Both the handle at the back and the grip bar at the top facilitate handling and moving the storage bins. This contributes to efficient logistics and transportation of goods within the warehouse or between different locations. Suitable for industries such as logistics, manufacturing, and distribution, where streamlined storage and easy access to materials are essential for efficient operations.

Specifications

Article arrangement: Used Version: grip opening Walls: closed + grab opening Food-safe: no Surface treatment: painted and use damage Internal length (mm): 450 Internal width (mm): 450 Internal width (mm): 300 Internal height (mm): 190 Weight (kg) 4 EAN Code (Gtin) 8719424235395

Material: steel Floor: closed Colour: various Length (mm): 500 Width (mm): 310 Height (mm): 200 Volume (ltr): 25 Type number: 7278GB

Type: stackable
